

Global QUALITY LEADERSHIP SUMMIT

Second Edition

***Giving Back to
Our Community***

November 7th - December 15th 2024

MESSAGE FROM THE CEO

Mr. Sekhar Surabhi

Founder and CEO

Dear Esteemed Leaders,

I am pleased to extend a warm invitation to you for the Second Edition of Global Quality Leadership Summit 2024. I have deep regard for your invaluable contributions towards quality and compliance, and I am eager to unite our collective wisdom for this summit.

Following the resounding success of our inaugural summit, this year's summit promises to be even more impactful as we take our mission global. Our journey began with a shared vision - to create a platform where industry leaders could come together to address the pressing challenges and opportunities facing our field.

At this summit, we aim to bring together the brightest minds in Quality from around the world to share industry insights, best practices, and innovative strategies for quality leadership. This is an opportunity for us to give back to the community by collaborating, inspiring, and shaping the future of quality excellence together.

Thank you for your continued dedication to excellence, and I look forward to welcoming you to the Global Quality Leadership Summit 2024.

Our esteemed Speakers in First Edition of Quality Leadership Series

ABOUT GLOBAL QUALITY LEADERSHIP SUMMIT 2024

The Global Quality Leadership Summit 2024, presented by Caliber, is a premier virtual event that brings together leaders in quality from around the world. This year, the summit takes on a global perspective, offering a unique platform for discussing the pivotal issues that drive the industry and shape its future.

Event Highlights:

- 15 Conversations: Engage in a series of 15 compelling conversations with change drivers, path-breakers, and thought leaders in the Lifesciences Industry
- Digital Format: Participate in a variety of digital events and webinars over the next two months, making it accessible from anywhere in the world.
- Diverse Content: The summit includes independently hosted Fireside chat discussion, SME presentations, and roundtable discussions, ensuring a rich and diverse exchange of ideas.

Topics of Discussion:

- Quality Assurance and Quality Control
- AI and GenAI role in quality
- QMM foundation
- APQR and CPV what to see beyond regulatory compliance
- Role of Digitalisation in Smart Manufacturing
- FDA's Additional Guidance on the Use of AI in Manufacturing
- Predicting GMP Quality Risks at Manufacturing Sites
- Digitalization of Cleaning Validation
- LIMS to accelerate Pharma 4.0 Journey:
- Latest Regulatory Changes and many more.
